

Mobile fence Profi 500

We extended our profi fence series with our new space-saving fence type Profi 500.

Technical data: 3B2036-500

Size: 3300 x 2000 mm

Mesh size: 100/300

Vertical tubes: Ø40 mm – horizontal tubes Ø19 mm

Model: without hooks and eyes

1

- Hot-dip galvanized
- Cross tube is welded in stand pipe
- Flat ending of cross tubes

2

- Because of the flat ending of stand pipes, the bunches can be packed space-saved for transport and storage

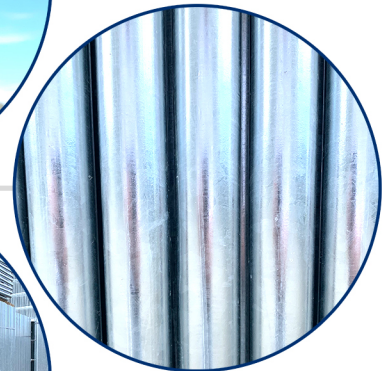

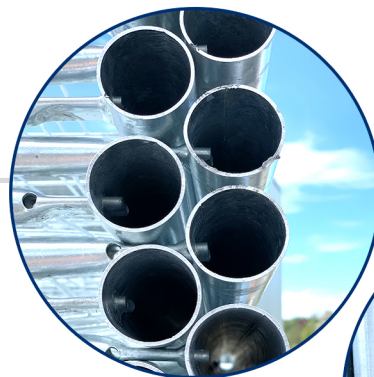

3

- Packing units: 125 mobile fences
- Each bunch: 108 fences in a row, up to 17 pcs on top, antislip packed by using square timbers
- Also available in packing units of 35 – 70 pieces

4

Transport:

- Mobile fences without feet: 500 pieces
- Mobile fences with feet: 420 pieces
